The focus and philosophy of Michael's House Inc., has been since its inception (2004) "Empowering Each Other To Help the Elderly Poor in the Developing World"

Michael's House Inc. is a non-profit grassroots organization that serves the elderly poor in the developing world who have become invisible, and who receive no funds from government organizations or other aid foundations. It is through donations and your participation in this 1st annual golf tournament that they now have a face and dignity in their daily lives. We bring aid to people that others have deemed to have no value.

At Michael's House, we identify destitute elderly who have no families or means of support and we are committed to providing them respite from their pain, fear, and hunger in the time that remains in their lives. Among the services we provide are:

- Shelter
- Meals and nutritional support
- Community center with hygiene facilities
- Basic medical care and support for surgeries
- Financial assistance including pensions
- Transportation
- Dignified burials

We are a totally volunteer organization, which allows us to direct 98% of our contributions to the aged poor.
